N-TREE STUDIOS

Delight your *customer*

Professional services teams run each engagement around one design: pre-sales captures it, your client approves it, and delivery builds from it.

ONE DESIGN, EVERY STAGE

Capture
PRE-SALES ARCHITECT

The design updates with every client conversation.

Approve
CLIENT

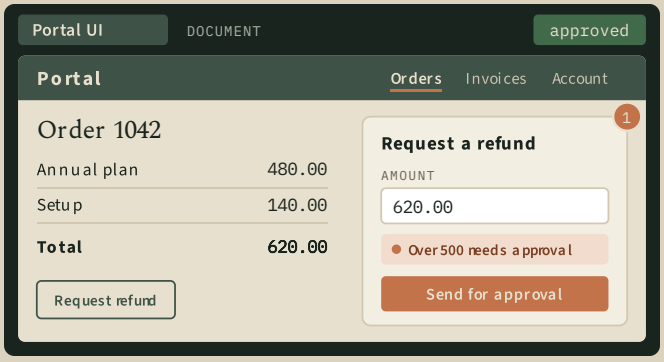

Your client visualizes their product working before they sign.

Refine
DELIVERY ARCHITECT

Capture stakeholder feedback directly in Grove.

Build
DELIVERY TEAM

Developers build against the design in Grove sessions.

DISCOVERY · DELIVERY ARCHITECT

Demo the finished design

Your client sees the finished screens in Grove Studio before anyone builds.

One source of truth

Requirements, logic and screens in one design.

Smooth handoffs

Each stage picks up the design where the last one left off.

Shared standards

Every developer works from the same playbooks and task lists.
